In response to applicant's supplemental preliminary amendment dated Aug. 25, 2000. The following action is taken:

There are five related reissue cases. The first paragraph must be amended to mention all of the related cases.

The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP. § 1414.

The reissue oath/declaration filed with this application is defective because it fails to contain a statement that all errors which are being corrected in the reissue application up to the time of filing of the oath/declaration arose without any deceptive intention on the part of the applicant. See 37 CFR 1.175 (a)(2) and MPEP. § 1414.

The reissue oath/declaration filed with this application is defective (see 37CFR 1.175 and MPEP. § 1414) because of the following:

- 1. The declaration does not adequately identify at least one error as per 37CFR 1.175 (a)(1).
- 2. The declaration does not state that all errors correction in this application arose without any deceptive intention on the part of applicant.

Claims 36, and 38-45 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

Application/Control Number: 09/420603

Art Unit: 2651

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

This reissue application was filed without the required offer to surrender the original patent or, if the original is lost or inaccessible, an affidavit or declaration to that effect. The original patent, or an affidavit or declaration as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CAR 1.178.

The original patent, or an affidavit or declaration as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

Applicant is hereby reminded that the new supplemental declaration should cover all the errors corrected from the filing of the reissue applicant to the amendment filed Aug. 25, 2000.
